

Monomoy's Investment Internship Program

- Monomoy's internship program offers undergraduate students the opportunity to work as a **financial analyst** at an operationally-focused middle market **private investment firm**.
- Interns work alongside our **Investment Team** to evaluate investment opportunities and with our **Operating Team** in a portfolio management context.
- The **10-week program** includes:
 - ✓ Best-in-class internal and 3rd party training
 - ✓ Hands-on deal experience
 - ✓ Comprehensive onboarding
 - ✓ Onsite visits to our portfolio companies
 - ✓ Networking opportunities
 - ✓ Exposure to senior leadership
 - ✓ Mentorship programs
- Each year **two rising seniors** and **two rising juniors** are accepted to the program. Rising seniors will have the potential to return as a full-time Investment Analyst post-graduation.

"The internship program at Monomoy is unique. The investment team ensured that I gained exposure to every stage of the deal process and pushed me to think critically and form my own opinions."

-Angela Wu, Internship Class '22, Investment Team Analyst

"I've never met so many people who wanted to see me succeed... They offered me many first-time experiences, flying out to a portfolio company and seeing manufacturing processes live, talking one-on-one with CEOs, and even single-handedly pitching a potential take-private deal to the Investment Committee!"

- Joey Ramirez, Internship Class '21 & '22, Investment Team Analyst

About Monomoy Capital Partners
